INDEPENDENT AUDITOR'S REPORT

Honorable Township Board Members Township of Winsor Huron County, Michigan

We have audited the accompanying financial statements of the governmental activities and each major fund of the Township of Winsor, Huron County, Michigan, as of and for the year ended March 31, 2007, which collectively comprise the Township of Winsor's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Township of Winsor's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Township of Winsor, Huron County, Michigan, as of March 31, 2007, and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and other required supplementary information on pages iii through vi and 16 through 22 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Independent Auditor's Report (Continued)

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Winsor's basic financial statements. The supplemental information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NIETZKE & FAUPEL, P.C.

PIGEON, MICHIGAN

Management's Discussion and Analysis

Our discussion and analysis of Winsor Township's financial performance provides an overview of the Township's financial activities for the fiscal year ended March 31, 2007. Please read it in conjunction with the Township's financial statements.

Financial Highlights

The following points represent the most significant financial highlights for the year ended March 31, 2007. These points are discussed in further detail in this discussion and analysis.

• The Fund balance in the general fund increased from \$98,389 to \$126,362 during the past year. The increase of \$27,973 is due primarily from two areas: increase in property tax revenue and the decrease in operating expenses.

Using This Annual Report

This annual report consists of a series of financial statements. The statement of net assets and the statement of activities provide information about the activities of the Township as a whole and present a longer-term view of the Township's finances. This longer-term view uses the accrual basis of accounting so that it can measure the cost of providing services during the current year, and whether the taxpayers have funded the full cost of providing government services.

The fund financial statements present a short-term view. They tell us how the taxpayers' resources were spent during the year, as well as how much is available for future spending. Fund financial statements also report the Township's operations in more detail than the government-wide financial statements by providing information about the Township's most significant funds.

The Township as a Whole

The following table shows a condensed view of the net assets as of March 31,:

Current assets Restricted assets Capital assets	Total assets	\$	2007 346,211 60,445 732,881 1,139,537	\$	2006 208,207 60,445 786,534 1,055,186

Capital asset and Debt Administration

As of March 31, 2007, Winsor Township had a total of approximately \$732,881 (net of depreciation) invested in capital assets including land, buildings and equipment. Capital assets decreased from \$786,534 to \$732,881 (net of depreciation) during the year.

Debt service totaled \$51,600 (\$33,656 principal and \$17,944 interest) in the past year on long-term debt with a remaining outstanding balance of \$253,448.

Economic Factors and Next Year's Budgets and Rates

The Township completed the re-paving project of local roads during the past year. With no major road construction projects scheduled for the upcoming year, we plan on replenishing our fund balances for upcoming road construction projects.

Contacting the Township's Management

This financial report is intended to provide our citizens, taxpayers, customers and investors with a general overview of the Township's finances and to show the Township's accountability for the money it receives. Questions about this report or requests for additional information should be addressed to John Walsh, Township clerk, 89 S. Main Street, Pigeon, MI 48755.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED MARCH 31, 2007

Net change in fund balance - governmental funds

\$ 145,532

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the *Statement of Activities*, assets with an initial, individual cost of more than \$500 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

Capital outlays	\$ 11,592	
Depreciation expense	(65,245)	(53,653)
Repayment of principal of debt is an expenditure		
in the governmental funds, but not in the statement		
of activities (where it reduces long-term debt)		33,656
Change in net assets of governmental activities		\$ 125,535

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Description of Township Operations:

The Township is located in Huron County, Michigan, and has approximately 2,044 residents. It is governed by a five person elected board and provides the following services to its residents: fire protection, highways and streets, cemetery services and general administrative services.

The Township's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The accounting policies of the Township conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The more significant accounting policies established in GAAP and used by the Township are discussed below.

In June 1999, GASB unanimously approved Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Certain of the significant changes in the Statement include the following:

- The financial statements include:
 - o A Management Discussion and Analysis (MD&A) section providing an analysis of the Township's overall financial position and results of operations.
 - o Financial statements prepared using full accrual accounting for all of the Township's activities.
- A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to the financial statements).

Reporting Entity:

In evaluating how to define the Township for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in the related GASB 14 pronouncement. The basic – but not the only – criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the Township is able to exercise oversight responsibilities. Based upon the application of these criteria, there are no organizations that are deemed to be component units of the Township.

(Continued)

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Government Wide and Fund Financial Statements:

The Township's basic financial statements include both government-wide (reporting the Township as a whole) and fund financial statements (reporting the Township's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental type. The Township's general administrative services, public safety, highways and public improvements and cemetery, are classified as governmental activities.

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the Township. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those which are clearly identifiable with specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they become available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The use of financial resources to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expenditure. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as an other financing source. Amounts paid to reduce long-term debt of the Township are reported as a reduction of the related liability, rather than an expenditure in the government-wide financial statements.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

<u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u>: (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt-service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

State revenue sharing, charges for services, and earned but unreimbursed state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Property taxes are measurable as of the date levied (assessed) and are recognized as revenues when they become available. Available means when due, or past due, and received within the current period or collected soon enough thereafter (within 60 days) to be used to pay liabilities of the current period. All other revenues are considered to be measurable and available only when cash is received by the Township.

The accounts of the Township are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund balance, revenues, and expenditures or expenses as appropriate.

The Township reports the following major governmental funds:

<u>General Fund</u> – The General Fund is the general operating fund of the Township. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Special Revenue Funds</u> – Special Revenue Funds account for resources legally restricted to expenditures for specified current operating purposes and for the enforcement of special services and activities. Accounting and financial reporting for General and Special Revenue Funds are identical. The Township accounts for the Cemetery and Road Construction in special revenue funds.

<u>Debt Service Fund</u> - Debt Service Fund accounts for the servicing of long-term debt of the Township. Sources of funds for the servicing of the debt include property taxes restricted for debt service.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

<u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation:</u> (Continued)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the Township's policy to use restricted resources first, then unrestricted resources as they are needed.

Receivables and Payables:

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans or "advances to/from other funds"). All other outstanding balances between funds are reported as "due to/from other funds."

Other receivables at March 31, 2007 consist of property taxes and interest. Taxes are deemed collectible in full.

Property Taxes:

Properties are assessed as of December 31, and the related property taxes become a lien on December 1, of the following year. These taxes are due on February 14, with the final collection date of February 28, before they are added to the county tax rolls.

The delinquent real property taxes of the Township are purchased by the County of Huron. The County sells tax notes, the proceeds of which are used to pay the Township for these property taxes. These taxes have been recorded as revenue for the current year.

Capital Assets:

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$500 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that does not add to the value of an asset or materially extend its life is not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2007

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Capital Assets: (Continued)

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	25 to 50
Machinery and equipment	5 to 20
Improvements other than buildings	20

Depreciation of capital assets used by governmental funds is charged as an expense against their operations on the Statement of Activities. Accumulated depreciation is reported on the Statement of Net Assets. Depreciation expense for the year ended March 31, 2007 was \$65,245. Capital asset acquisitions in the governmental funds totaled \$11,592 for the year ended March 31, 2007. A summary of Governmental Fund capital assets at March 31, 2007, follows:

	March 31,		
	<u>2007</u>	<u>2006</u>	
Land (Non depreciated)	\$ 32,510	\$ 32,510	
Buildings	429,705	429,705	
Equipment	721,069	709,477	
Less accumulated depreciation	<u>(450,403</u>)	(385,158)	
NET GOVERNMENTAL FUND CAPITAL ASSETS	\$ <u>732,881</u>	\$ <u>786,534</u>	

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:

Public Safety	\$ 62,328
Unallocated	2,917
Total depreciation expense – governmental activities	\$ <u>65,245</u>

Use of Estimates:

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenditures/expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2007

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Interfund Receivables and Payables:

At March 31, 2007, the balance of interfund receivables and payables was as follows:

	<u>Receivable</u>	<u>Payable</u>
General Fund		\$210,988
Cemetery Fund	\$ 4,731	
Road Fund	160,953	
Debt Retirement	<u>45,304</u>	
Total	\$210.988	\$210.988

NOTE 2 - PENSION PLAN:

During the year ended March 31, 2000, the township adopted a Money Purchase Pension Plan covering all employees, that are age 18, from date of hire. The township contributes 6% of W-2 wages with 100% immediate vesting. Participants in the previous plan rolled over their account balances to the new plan. For the year ended March 31, 2007, total wages and covered wages were \$93,067. Township contributions were \$5,541 and employee contributions were zero. The plan has fully vested assets of \$73,337 at March 31, 2007.

NOTE 3 – BUDGET COMPLIANCE:

In the required supplemental information, the Township's actual expenditures and budgeted expenditures, as amended, for budgetary funds have been shown on a functional basis. The approved budgets of the Township for these budgetary funds were adopted to the line item level.

P.A. 2 of 1968, Section 18(1), as amended, provides that a local unit shall not incur expenditures in excess of the amounts appropriated. Actual expenditures exceeded budgeted expenditures in the following budgetary funds.

	TOTAL APPROPRIATION	AMOUNT OF EXPENDITURES	BUDGET VARIANCE
General Fund: Elections	\$ 2,700	\$ 3,174	\$ (474)
Zoning and Board of review	900	1,721	(821)
Treasurer	22,793	23,249	(456)
Cemetery Fund	11,945	17,245	(5,300)

NOTES TO THE FINANCIAL STATEMENTS **MARCH 31, 2007**

NOTE 4 - DETAIL NOTES ON ALL FUNDS:

A. As of March 31, 2007, the Township has a carrying amount of \$372,848 of deposits (cash and deposits) in local banks and the bank balance was \$379,639. Of the bank balance, \$160,445 was covered by the Federal Deposit Insurance Corporation and \$219,194 remained uninsured and uncollateralized. Since the Township's deposits are insured these deposits are not subject to credit risk, custodial credit risk, concentration of credit risk, interest rate risk, or foreign currency risk.

Michigan Compiled Laws Section 129.91 authorizes the Township to deposit and invest in the accounts of federally insured banks, credit unions and savings and loan associations; bonds, securities and other obligations of the United States, or an agency or instrumentality of the United States in which the principal and interest is fully guaranteed by the United States, including securities issued or guaranteed by the Government National Mortgage Association; United States government or federal agency obligation repurchase agreements; bankers' acceptance of United States banks; mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan; and commercial paper rated by two standard rating agencies within the three highest classifications, which mature not more than 270 days after the date of purchase, and which involves no more than 50 percent of any one fund. Attorney General's Opinion Number 6168 states that public funds may not be deposited in financial institutions located in states other than Michigan. The Township's deposits are in accordance with statutory authority.

Property taxes are levied based on the taxable value of property located in the Township. Assessed value is established annually and equalized by the State at an estimated 50% of current market value. A comparison of the assessed and taxable property values for the 2006 tax levy is as follows: ASSESSED

TAXARI F

AGGLGGLD	
<u>VALUE</u>	VALUE
\$84,518,900	\$72,640,851
6,215,600	6,215,600
\$ <u>90,734,500</u>	\$ <u>78,856,451</u>
	VALUE \$84,518,900 <u>6,215,600</u>

The Township, as a general law Township, is not authorized to levy taxes without a vote. The Huron County Tax Allocation Board in 1960, allocated up to 1.30 mills per \$1,000 of taxable value for general law townships for general operations. For the year ended March 31, 2007, the Township levied 1.2154 mills for general governmental services, 3.5000 mills for roads, and .7500 mills for fire. Total millage levied was 5.4654.

C. Risk Management:

Winsor Township purchased commercial insurance coverage for all general liability coverage, and the Township also purchased commercial insurance coverage for losses related to worker's compensation claims. For the year ended March 31, 2007, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the year or the three prior years.

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 2007

NOTE 5 - LONG-TERM DEBT:

The Township fire department purchased a new fire truck. The purchase was financed by a loan of \$331,792 which was obtained from a commercial bank. Information regarding the interest rate and repayment terms follows. The debt will be repaid by a special .75 mill tax levy that expires in 2014.

The following is a summary of the debt of the Township outstanding as of March 31, 2007.

	Number of	Interest	Maturing Principal
	Issues	Rate	Through Outstanding
Fire Equipment	1	6.25%	2014 \$253,448

The following is a summary of debt transactions of the Township for the year ended March 31, 2007:

	Fire Equipment
Note:	
Payable April 1, 2006	\$ 287,104
Retired	(33,656)
Payable March 31, 2007	<u>\$ 253,448</u>
